### **The NEW Georgia EIA Website**

The Georgia Environmental Information Association has completely overhauled our website!

Visit:

[www.eia-georgia.org](http://www.eia-georgia.org)

to see our new web design that incorporates general information, a calendar of events for the chapter, past newsletters, meeting reports and more!

### **A Message From The President**

It has been a productive year for the Georgia Chapter of The Environmental Information Association. Most significantly, we have had four excellent meetings this year (February, April, June and September), with two more events to follow. All meetings were well attended, and except for the February meeting which was reported on in the February Newsletter, all of these meeting are summarized in this Newsletter.

And the year is far from over! As noted in the side bar, two of our biggest events of the year are our joint meeting with the Georgia Environmental Protection Division on November 21<sup>st</sup> and the Annual Chapter Meeting and Holiday Gathering on December 15<sup>th</sup>. We hope you can make plans to attend both of these informative and fun events!

Another thing that we are proud of in 2006 is the complete overhaul of the Georgia EIA website ([www.eia-georgia.org](http://www.eia-georgia.org)). We have improved the site design, added links to upcoming events and provided access to past newsletters and meeting reports. Another new feature is the Job Center. Here members and non-members alike can provide job openings that can be viewed by anyone who visits our site. I am currently managing our website, so email me ([dave.hogue@atcassociates.com](mailto:dave.hogue@atcassociates.com)) if you have a job opening you would like to have posted.

There is a lot of other good information in this issue of "Your News", including details on National EIA's free membership offer to Georgia EIA members, information about the upcoming National EIA meeting in Charlotte, NC in March 2007 and a draft listing of approved Georgia asbestos landfills. I hope you enjoy the newsletter!

## Georgia EIA April 17, 2006 Meeting

### *Introduction to Wetlands Regulations & Permitting*

Presented By:

**Mr. Tom Fisher**

U.S. Army Corps of Engineers - Savannah District

Sponsored by:

Regulatory Compliance Services

Trey Fausett

229.293.9990

Cooper Equipment Contracting Inc.

Jerry Cooper

229.244.7696

This meeting was held at the legendary Fausett Cabin in Colquitt County, Georgia. About a dozen Georgia EIA members enjoyed an idyllic lakeside setting at Trey's wonderful cabin complete with barbequed pork and all the fixins! After lunch, attendees heard Mr. Fisher's very informative presentation that discussed the definition of a jurisdictional wetland, permitting stages and compensatory mitigation from "Wetlands Banks". The presentation focused on understanding wetland rules as they apply to property development. After the presentation, William Spain lead a Georgia EPD *Star Group* meeting that reviewed enforcement issues, drywall/joint compound sampling, among other topics.

At the end of the afternoon, Trey's lake fish provided some entertainment, and a few "adult beverages" were enjoyed. It was a great day!

**Make plans to attend the 24<sup>th</sup> Annual  
Conference & Exposition of the National EIA:  
March 17-21, 2007 at the Charlotte Marriott  
City Center, Charlotte, North Carolina**

**[www.eia-usa.org](http://www.eia-usa.org)**

**The Environmental Information Association** is at the forefront in providing the environmental industry with the information needed to remain knowledgeable, responsible, and competitive in the environmental health and safety industry. We invite you to join us in Charlotte, NC, and participate in the only conference you'll need all year.

The Annual EIA Conference & Exposition is the source for information on mold identification and remediation environmental sampling and analysis, lead-based paint abatement, asbestos management, indoor air quality, regulatory compliance audits, environmental site assessments, and environmental management systems. EIA 2006 received CEU points from ABIH, as well as an impressive 23.5 points from the AmIAQ (the accrediting body of IAQA). We invite you to submit your presentations, and join our prestigious assembly of experts presenting at EIA Conferences.

EIA 2007 continues that tradition into its 24th year presenting a comprehensive program designed to encourage information exchange between the various professionals dealing with environmental problems and to provide workable cost-effective solutions. Information generation, collection and dissemination is our primary focus. Therefore, the success of EIA 2007 depends on you. Your participation will ensure that practical, realworld information will be provided to those who need it most - your fellow industry professionals and potential clients.

The Environmental Protection Division is one of the more relevant branches of state government for the majority of EIA's membership. EIA and EPD urge you to take this opportunity to interact with your fellow EIA members and the EPD in this open access, one-on-one forum. In addition, this year's meeting offers the additional opportunity to listen to presentations from the most significant federal agencies that impact our membership: EPA and OSHA. There's no better opportunity to exchange information and ideas.

### DIRECTIONS TO TRADEPORT

**Directions:** EPD's Tradeport Facility is located south of Atlanta on the east side of I-75 just north of the intersection of I-75 and I-285.

#### From the North on I-75

Take I-75 south to exit 239. This will be after the I-75 and I-85 split. This exit ramp is for access to Central Ave., Henry Ford Blvd., and C.W. Grant Blvd. Follow the frontage road to C.W. Grant Blvd. Take a left on C.W. Grant. Take a right at the second traffic light onto International Parkway. Then turn left at the first road to Suite 116.

#### From the South on I-75

Take the first exit to the right after you cross under I-285. This exit is number 239 for Central Ave., Henry Ford Blvd., and C.W. Grant Blvd. This ramp also serves as the entrance ramp from I-285 onto I-75. Take the first right off exit 239, which is C.W. Grant Blvd. (this is a horseshoe exit). Go straight through the traffic light at the end of the ramp, and you will be on International Parkway. Turn left at the first road to Suite 116.

#### From I-285 - Either direction

Take the I-75 North exit. The entrance ramp onto I-75 is also the exit ramp onto Aviation Blvd. so stay in the extreme right hand lane and exit to C.W. Grant Blvd. (this is a horseshoe exit). At the light, go straight onto International Parkway. Turn left at the first road to Suite 116.
